

FUN FOAM TOOLS YOU CAN MAKE:

Notes:
Leave floppy for a flexible tool

1. Cut strip of Fun Foam
2. Cut edge with Scalloped Scissors or Pinking Shears
3. Sandwich between cardboard for stability

Notes:
Use an old block instead. Try a square one

1. Cut strip of Fun Foam
2. Cut edge with Scalloped Scissors or Pinking Shears
3. Stick around lid to create a dotty circle pattern

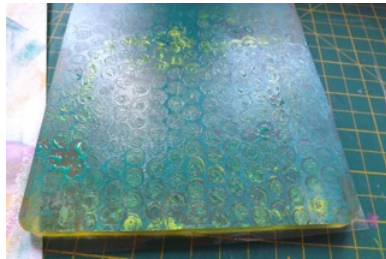

Notes:
Acrylic base makes it washable

1. Hand cut or die cut Fun Foam shapes
2. Stick to a base (foam core or thick acrylic packaging)

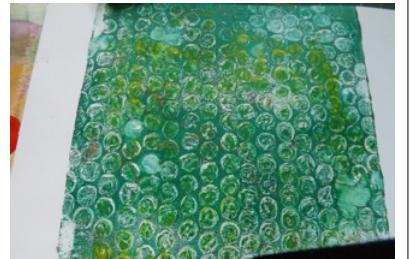

TWO-TONE texture

1. Brayer paint on plate
2. Brayer paint onto bubble wrap

3. Stamp bubble wrap on paint over plate

4. Pull

Notes:

Work quickly lest paint on plate dries!

Dark paint "stamped" over light works better
